**PUBLIC HEARING  
September 21, 2020**

There was a Public Hearing preceding the Regular Session meeting for any questions or comments about the City of Caruthersville applying for CDBG-Mitigation funding. The funding would be to enhance and improve the water/wastewater facilities to reduce long term risk and lessen the impact of future disasters related to the FEMA declaration disasters. The funding cap would be for \$2,500,000 with the application deadline being in October. Counselor Dorroh asked if there were any questions or comments, and with there not being any, the Public Hearing closed.

The number of members necessary to consider a quorum being present, the Mayor called the meeting to order and announced the meeting was in session for the transaction of business.

The first order of business was the approval of the regular session minutes of September 8, 2020. Councilperson Hood motion for approval, second by Councilperson Spence, with all in favor.

The next order of business was the approval of reports and bills, Councilperson Lyons motion for approval, second by Councilperson Hood, with all in favor.

Under petitions, letters, and other communications are as follows: The City of Caruthersville requested proposals for administration services to assist in two proposed projects financed with approximately \$5,000,000 in Community Development Block Grant funds. The proposed projects are an infrastructure mitigation project for approximately \$2,100,000, requiring \$2,000,000 in CDBG funds. There's also one for a streets and drainage project for approximately \$3,200,000 requiring approximately \$3,000,000 in CDBG funds. There was only one proposal received, and it was from Mitzi Dell, and her proposal met all the criteria listed in the Request for Proposals.

The City of Caruthersville also requested RFQ's for engineering services to assist with two proposed projects: an infrastructure mitigation project and streets and drainage project to be partially funded by CDBG funds, with the remainder to be financed by the City. There was only one firm that sent in a Request for Qualifications, which was Waters Engineering. Waters Engineering meets all criteria set forth in the RFQ's.

Councilperson Bullington motion to accept Mitzi Dell for sewer administration, second by Councilperson Lyons, which resulted in the following vote:
